

14.0 Acknowledgements

The following firms and individuals led the preparation of this document. Many other individuals in the noted organizations that are not listed contributed greatly to the technical content and quality of this document. These individuals include numerous quality reviewers from LCRA, SAWS, CH2M HILL, and the Science Review Panel, as well as contributors from Texas Agricultural Experiment Station and Texas A&M University, the Center for Research in Water Resources at the University of Texas, and the UT Marine Sciences Institute.

Project Program Manager	Leah Manning, P.E., LCRA
SAWS Program Manager	Gary Guy, P.E., SAWS
Technical Studies Coordinator	Ken Hall, P.E., CH2M HILL
Project Viability Assessment Coordinator	Susan Butler, AICP, CH2M HILL
Agricultural Study Lead	Kenneth Kuhr, P.E., Parsons Corporation
Colorado River Flow/Habitat Study Lead	Ed Oborny, Bio-West
Colorado River Water Quality Study Lead	Jennifer Benaman, Ph.D., and Emily Chen, QEA
Facility Siting Evaluation Study Lead (LCRA facilities)	Rob Reid, PBS&J/KBR
Facility Siting Evaluation Study Lead (SAWS facilities)	Joseph Rippole, P.E., SAWS and Chuck Neeley, P.E., URS
Groundwater for Agriculture Study Lead	Steve Young, P.E., P.G., Ph.D, URS
Matagorda Bay Health Evaluation Study Lead	Bob Huston, Espey Consultants
Social and Economic Benefits and Costs Study Lead	Mary Jo Kealy, Ph.D., CH2M HILL
Surface Water Availability Study Lead	Bob Brandes, P.E., Ph.D, R.J. Brandes
Science Review Panel Moderator	Andy Sansom, Texas State University
