

# LCRA Lake Fayette Park Prairie

A boat ramp, 12 campsites, and picnic facilities make Park Prairie a comfortable base for recreation at Lake Fayette, a 2,000-acre cooling lake for the Fayette Power Project.

Campsites are tent camping only. There is no water or electricity at the campsites. Ground fires are prohibited. Restrooms are available; there are no shower facilities. A group camping area will accommodate up to 24 people, and is ideal for reunions and meetings. It includes: a screened shelter (sleeps four) with electricity, three campsites, picnic tables, and a grill.

Reservations for Park Prairie facilities can be made by calling at (512) 389-8900 more than 48 hours in advance. There is a \$5 service charge for LCRA reservations made through TPW. To make reservations less than 48 hours in advance, call the park at (979) 249-3504.
