

eBids Procedure

LCRA accepts responses electronically when so specified in a proposal's guidelines. eBids email is received in a LCRA generic inbox forwarded to a select group of personnel who then distribute the proposal response to the respective purchasing agent assigned to the proposal; **be sure and put the 4-digit proposal number and the purchasing agent's name in the subject line of your email response** so that it is directed to the proper person. Any other applicable specifics with regard to your individual response will be found in the actual language of the proposal to which you are responding.

To submit your proposal response electronically, simply address them to ebids@lcra.org (not case sensitive). Thank you.
