Re: City of Burnet Application to amend TPDES Permit No. WQ 0010793002

Dear Ms. Castañuela,

The Lower Colorado River Authority, in documents previously filed with the Texas Commission on Environmental Quality ("TCEQ"), submitted comments and requested a contested case hearing on the referenced pending application for an amendment to the City of Burnet's TPDES Permit No. WQ 0010793002.

LCRA has now entered into a negotiated settlement with the City of Burnet that resolves its comments and requests for hearing. Accordingly, we no longer request a contested case hearing, and hereby **withdraw** our request for a contested case hearing on the permit referenced above.

Please file this letter in the referenced matter and contact me with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Suzanne Zarling", is written over the typed name and title.

Suzanne Zarling, Executive Manager
LCRA Water Services
