

**Hill Country Region
Ridge Harbor Wastewater System**

Services	Retail wastewater collection and treatment
Customers	Residents of Ridge Harbor
Facilities	Wastewater collection and treatment plant
Estimated Population Served	390
System Performance	Total permitted capacity: 24,000 gpd Maximum monthly daily average (12 month): 24,000 gpd

Background LCRA acquired the Ridge Harbor Wastewater System in March 2002 from a limited partnership. LCRA improved the system by adding effluent (treated discharge) disposal fields and replacing the treatment plant.

Development LCRA is evaluating a potential partnership with the Windermere Oaks Water Supply Corporation to expand our wastewater treatment plant to serve both systems' future needs.
