<b>Customers</b>	City of West Lake Hills
<b>Facilities</b>	Wastewater collection system, lift stations and force mains
<b>Estimated Population Served</b>	About 2,530
<b>System Performance</b>	N/A

**Background** LCRA designed, constructed, owns and operates a collection system inside the City of West Lake Hills. The system serves approximately 25% of the residences in West Lake Hills and the majority of the businesses and commercial establishments along FM 2244. The system collects wastewater and transmits it to the City of Austin for treatment.
