Legal Notice
Legal notices are available on the Texas secretary of state website 72 hours prior to
the meeting at www.sos.texas.gov/open/index.shtml.

Executive Session
The Board may go into executive session for advice from legal counsel on any item
listed above, pursuant to Chapter 551 of the Texas Government Code.
OVERVIEW OF LCRA TRANSMISSION SERVICES CORPORATION

In connection with the implementation of retail competition in the electric utility industry in the state of Texas, LCRA was required by the Texas Legislature in its amendments to the Public Utility Regulatory Act (enacted in 1999 under state legislation known as Senate Bill 7, and referred to as SB 7) to unbundle its electric generation assets from its electric transmission and distribution assets. LCRA conveyed, effective Jan. 1, 2002, all of its existing electric transmission and transformation assets (collectively, the Transferred Transmission Assets) to the LCRA Transmission Services Corporation (LCRA TSC) pursuant to the terms of an Electric Transmission Facilities Contract (the Initial Contractual Commitment), dated Oct. 1, 2001.

LCRA TSC is a nonprofit corporation created by LCRA to act on LCRA’s behalf pursuant to Chapter 152, Texas Water Code, as amended. After Jan. 1, 2002, LCRA TSC engaged in the electric transmission and transformation activities previously carried out by LCRA and assumed LCRA’s obligation to provide, and the right to collect revenues for, electric transmission and transformation services. LCRA TSC is an electric transmission service provider (a TSP) under the state’s open-access electric transmission regulatory scheme within the approximately 85 percent area of the state covered by the Electric Reliability Council of Texas (ERCOT). In such capacity, LCRA TSC is entitled to receive compensation from all electric distribution service providers using the electric transmission system within ERCOT. As a TSP in the ERCOT region of the state, the rates that LCRA TSC will charge for transmission services are regulated by the Public Utility Commission of Texas (PUC) and determined pursuant to transmission cost of service rate proceedings filed with and approved by the PUC.

Within the framework of SB 7, LCRA TSC implements the electric transmission business of LCRA, including the expansion of electric transmission services outside of LCRA’s traditional electric service territory. LCRA personnel are responsible for performing all of LCRA TSC’s activities pursuant to a services agreement between LCRA TSC and LCRA. This includes procuring goods and services on behalf of LCRA TSC and is reflected in the LCRA Board agenda contracts.

Under the LCRA Master Resolution, defined as the LCRA Board resolution governing LCRA’s outstanding debt, and certain provisions of state law, the LCRA Board is required to exercise control over all operations of LCRA TSC. This control includes approval of LCRA TSC’s business plan and of the sale or disposition of any significant assets of LCRA TSC. The Board of Directors of LCRA TSC (LCRA TSC Board) is appointed by and serves at the will of the LCRA Board. The current membership of LCRA TSC Board is made up entirely of the existing LCRA Board.

The LCRA TSC Board Policy on Authority and Responsibilities directs that the business plan of the affiliated corporation include for approval a schedule of capital projects proposed for the fiscal year. The policy also states that only deviations from the approved plan will be brought before the LCRA TSC Board. As such, the LCRA TSC Board agenda will not include consent items to approve specific capital projects, unless the project scope or budget changes significantly from what was originally approved.
FOR DISCUSSION

1. Comments From the Public

Summary
This part of the meeting is intended for comments from the public on topics under LCRA Transmission Services Corporation’s jurisdiction but not related to an item on the Board agenda. The Board may not take action or provide responses during public comments.

In order to address the Board, a member of the public is required to sign and complete the registration form at the entrance to the meeting room.

Any member of the public wishing to comment on an item listed on this agenda will be called to make comments at the appropriate time.
FOR ACTION

2. Acquisition of Interests in Real Property – Use of Eminent Domain in Culberson County on T720

Proposed Motion
I move that the Board of LCRA Transmission Services Corporation adopt the attached resolution; that the Board authorize by record vote the use of the power of eminent domain to acquire rights in the properties described in Exhibit 1 to the resolution for the acquisition of easement rights for the Pinnacle Substation Addition project to ensure the continued reliable transmission of electric energy on the Culberson-Kunitz (T720) transmission line; and that the first record vote applies to all units of property to be condemned.

Board Consideration
LCRA Transmission Services Corporation Board Policy T401 – Land Resources and Section 2206.053 of the Texas Government Code require Board authorization prior to the initiation of eminent domain proceedings.

Section 2206.053 of the Texas Government Code provides that if two or more Board members object to adopting a single resolution for all units, a separate record vote must be taken for each unit of property. If two or more units of real property are owned by the same person, those units may be treated as one unit of property.

Budget Status and Fiscal Impact
The acquisition costs were included in the Board-approved budget for the Pinnacle Substation Addition project.

Summary
LCRA TSC proposes to acquire transmission line easement rights in Culberson County for the Pinnacle Substation Addition project. Paul Hornsby and Company performed independent appraisals of the interests in real property to determine just compensation to the landowners.

Staff will make an initial offer to acquire the necessary interests in real property voluntarily from the landowners listed on Exhibit C, as required by Section 21.0113 of the Texas Property Code. Staff will continue to negotiate for the purchase of the interests in real property. Staff seeks Board authorization to proceed with condemnation if an agreement cannot be reached with the landowners.

Staff has provided to the Board descriptions of the specific properties to be acquired and will attach the descriptions to the resolution.

LCRA TSC representatives have performed environmental and cultural due diligence studies and did not identify any concerns. Staff requests the Board adopt the resolution in Exhibit D authorizing the initiation of condemnation proceedings on the first record vote for all units of property.

**PROPOSED MOTION**

I MOVE THAT THE BOARD OF LCRA TRANSMISSION SERVICES CORPORATION ADOPT THE ATTACHED RESOLUTION; THAT THE BOARD AUTHORIZE BY RECORD VOTE THE USE OF THE POWER OF EMINENT DOMAIN TO ACQUIRE RIGHTS IN THE PROPERTIES DESCRIBED IN EXHIBIT 1 TO THE RESOLUTION FOR THE PINNACLE SUBSTATION ADDITION PROJECT TO ENSURE THE CONTINUED RELIABLE TRANSMISSION OF ELECTRIC ENERGY ON THE CULBERSON-KUNITZ (T720) TRANSMISSION LINE; AND THAT THE FIRST RECORD VOTE APPLIES TO ALL UNITS OF PROPERTY TO BE CONDEMNED.

**RESOLUTION**

AUTHORIZING ACQUISITION OF INTERESTS IN REAL PROPERTY BY CONDEMNATION IN CULBERSON COUNTY FOR TRANSMISSION LINE EASEMENT RIGHTS.

WHEREAS, LCRA Transmission Services Corporation has determined the need to acquire the interests in real property necessary for the public purposes of construction, operation, and maintenance of an electric transmission line for two separate parcels in Culberson County; and

WHEREAS, an independent, professional appraisal of the subject properties has been submitted to LCRA Transmission Services Corporation, and an amount will be established to be just compensation for the interests in real property to be acquired;

NOW, THEREFORE, BE IT RESOLVED that the president and chief executive officer or his designee is authorized to purchase the interests in real property from the landowner(s) listed in the attached Exhibit C for the Pinnacle Substation Addition project, with the description of the locations of and interests in the properties that LCRA Transmission Services Corporation seeks to acquire being more particularly described in maps provided to the Board and attached to this Resolution as Exhibit 1; that the public convenience and necessity requires the acquisition of said interests in real property; that the public necessity requires the condemnation of the interests in real property in order to acquire them for such purposes; that LCRA Transmission Services Corporation does not intend to acquire rights to groundwater or surface water in the land; that LCRA Transmission Services Corporation will make a bona fide offer to acquire the interests in real property from the landowner(s) voluntarily as required by Sec. 21.0113 of the Texas Property Code; and that at such time as LCRA Transmission Services Corporation has determined that the landowner(s) and LCRA Transmission Services Corporation will be unable to reach an agreement on the fair market value of the subject interests in real property and that it should appear that further negotiations for settlement with the landowner(s) would be futile, then the president and chief executive officer or his designee is authorized and directed to initiate condemnation.
proceedings against the owner of the property, and against all other owners, lien holders, and other holders of an interest in the property, in order to acquire the necessary interests in real property; and that this resolution take effect immediately from and after its passage;

BE IT FURTHER RESOLVED that the president and chief executive officer or his designee is hereby authorized to do all things necessary and proper to carry out the intent and purpose of this resolution, including determination and negotiation of the interests in real property that are proper and convenient for the operation of the electric transmission line.
EXHIBIT A

Supplement to Electric Line Easement and Right of Way

DELA MINERALS EASEMENT

PROPOSED POWERLINE DESCRIPTION

May 16, 1995

Being the description of the centerline of a proposed 100 feet wide powerline easement located in Survey 6, Block 114, and Surveys 1, 13, 14, 16 and 17, Block 115, Public School Land, Culberson County, Texas, being more particularly described by metes and bounds as follows:

BEGINNING AT A POINT on the West boundary of Survey 17, said P.S.L. Block 115, from which the Northwest corner of Survey 17 bears North 02°01'26" East, 360.71 feet, said beginning point has a value of N=10,615.8918, E=1,045,789.92 ft., in the Central Zone of the Texas Coordinate System, N.A.D. 1983;

THENCE South 88°05'56" East, along the centerline of said proposed powerline, at 5325.45 feet, pass the East boundary of Survey 17, continuing into Survey 16 for a total distance of 9853.71 feet to an angle point to the left;

THENCE North 33°16'15" East, continuing with said centerline, at 397.24 feet, pass the North boundary of Survey 16, at 1526.83 feet, pass the East boundary of Survey 13, at 6598.48 feet, pass the North boundary of Survey 14, continuing for a total distance of 12,294.04 feet to an angle point to the right;

THENCE South 78°40'37" East, continuing with said centerline, at 26.18 feet, pass a point on the East line of Survey 1, from which the North common corner of said Blocks 115 and 114 bears North 02°01'26" East, 369.93 feet, continuing into Survey 6, P.S.L. Block 114, for a total distance of 100.09 feet to a point in an existing powerline for the end of this description, said ending point has a coordinate value of N=10,625.0674, E=1,062.4744 ft.

CONTAINING A TOTAL OF 1,348 RODS IN CENTERLINE DISTANCE.

A PLAT OF SAME DATE ACCOMPANIES THIS DESCRIPTION.

COORDINATE VALUES AND BEINGS CONTAIN IN THIS DESCRIPTION ARE BASED UPON THE CENTRAL ZONE OF THE TEXAS COORDINATE SYSTEM, NORTH AMERICAN DATUM OF 1983. DISTANCES ARE HORIZONTAL SURFACE MEASUREMENTS IN U.S. SURVEY FEET.

FOR ACTION

3. Acquisition of Interests in Real Property – Use of Eminent Domain in Pecos County

Proposed Motion
I move that the Board of LCRA Transmission Services Corporation adopt the attached resolution; that the Board authorize by record vote the use of the power of eminent domain to acquire rights in the properties described in Exhibit 1 to the resolution for the acquisition of easements and temporary workspaces for the Bakersfield-Solstice Transmission Line Addition project to provide for the reliable transmission of electric energy on the Bakersfield-Solstice (T683) transmission line; and that the first record vote applies to all units of property to be condemned.

Board Consideration
LCRA Transmission Services Corporation Board Policy T401 – Land Resources and Section 2206.053 of the Texas Government Code require Board authorization prior to the initiation of eminent domain proceedings.

Section 2206.053 of the Texas Government Code provides that if two or more Board members object to adopting a single resolution for all units, a separate record vote must be taken for each unit of property. If two or more units of real property are owned by the same person, those units may be treated as one unit of property.

Budget Status and Fiscal Impact
The acquisition costs were included in the Board-approved budget for the Bakersfield-Solstice Transmission Line Addition project.

Summary
LCRA TSC proposes to acquire transmission line and temporary workspace in Pecos County for the Bakersfield-Solstice Transmission Line Addition project. Valbridge Property Advisors performed independent appraisals of the interests in real property to be acquired to determine just compensation to the landowners.

Staff will make an initial offer to acquire the necessary interests in real property voluntarily from the landowners listed on Exhibit C, as required by Section 21.0113 of the Texas Property Code. Staff will continue to negotiate for the purchase of the interests in real property. Staff seeks Board authorization to proceed with condemnation if an agreement cannot be reached with the landowners.

Staff has provided to the Board descriptions of the specific properties to be acquired and will attach the description(s) to the resolution.

LCRA TSC representatives have performed environmental and cultural due diligence studies and did not identify any concerns. Staff requests the Board adopt the resolution in Exhibit D authorizing the initiation of condemnation proceedings on the first record vote for all units of property.

**PROPOSED MOTION**

I MOVE THAT THE BOARD OF LCRA TRANSMISSION SERVICES CORPORATION ADOPT THE ATTACHED RESOLUTION; THAT THE BOARD AUTHORIZE BY RECORD VOTE THE USE OF THE POWER OF EMINENT DOMAIN TO ACQUIRE RIGHTS IN THE PROPERTIES DESCRIBED IN EXHIBIT 1 TO THE RESOLUTION FOR THE BAKERSFIELD-SOLSTICE TRANSMISSION LINE ADDITION PROJECT TO PROVIDE FOR THE RELIABLE TRANSMISSION OF ELECTRIC ENERGY ON THE BAKERSFIELD-SOLSTICE (T683) TRANSMISSION LINE; AND THAT THE FIRST RECORD VOTE APPLIES TO ALL UNITS OF PROPERTY TO BE CONDEMNED.

**RESOLUTION AUTHORIZING ACQUISITION OF INTERESTS IN REAL PROPERTY BY CONDEMNATION IN PECOS COUNTY FOR TRANSMISSION LINE EASEMENTS.**

WHEREAS, the LCRA Transmission Services Corporation has determined the need to acquire the interests in real property necessary for the public purposes of construction, operation, and maintenance of an electric transmission line for 44 separate parcels in Pecos County; and

WHEREAS, an independent, professional appraisal of the subject properties has been submitted to the LCRA Transmission Services Corporation, and an amount will be established to be just compensation for the interests in real property to be acquired;

NOW, THEREFORE, BE IT RESOLVED that the president and chief executive officer or his designee is authorized to purchase the interests in real property from the landowner(s) listed in the attached Exhibit C for the Bakersfield-Solstice Transmission Line Addition project, with the description of the locations of and interests in the properties that LCRA Transmission Services Corporation seeks to acquire being more particularly described in maps provided to the Board and attached to this Resolution as Exhibit 1; that the public convenience and necessity requires the acquisition of said interests in real property; that the public necessity requires the condemnation of the interests in real property in order to acquire them for such purposes; that LCRA Transmission Services Corporation does not intend to acquire rights to groundwater or surface water in the land; that LCRA Transmission Services Corporation will make a bona fide offer to acquire the interests in real property from the landowner(s) voluntarily as required by Sec. 21.0113 of the Texas Property Code; and that at such time as LCRA Transmission Services Corporation has determined that the landowner(s) and LCRA Transmission Services Corporation will be unable to reach an agreement on the fair market value of the subject interests in real property and that it should appear that further negotiations for settlement with the landowner(s) would be futile, then the
EXHIBIT D

Page 2 of 2

president and chief executive officer or his designee is authorized and directed to initiate condemnation proceedings against the owner of the property, and against all other owners, lien holders, and other holders of an interest in the property, in order to acquire the necessary interests in real property; and that this resolution take effect immediately from and after its passage;

BE IT FURTHER RESOLVED that the president and chief executive officer or his designee is hereby authorized to do all things necessary and proper to carry out the intent and purpose of this resolution, including determination and negotiation of the interests in real property that are proper and convenient for the operation of the electric transmission line.
