

Project Location: Pecos County

Bakersfield Station

Project Components

- Study Area
- Project Endpoint
- Primary Alternative Route Segment, Label, and Node

Existing Utilities

- Substation
- 345-kV Transmission Line
- 138-kV Transmission Line
- 69-kV Transmission Line
- Pipeline (Greater than or equal to 6 in. diameter or unknown size)

Land Use

- Habitable Structure within 500 Feet of a Primary Segment
- Cemetery
- Communication Tower - AM
- Communication Tower
- Park or Recreation Area
- Oil or Gas Well
- Place of Worship
- School
- Water Well
- Wind Turbine
- Agricultural Area
- Military Territory
- Solar Farm
- Bridgestone Texas Proving Grounds
- Cultural Resources
 - Texas Historical Marker
 - Fort Stockton Historic District

Transportation

- Public Airport
- Private Airstrip
- Helipoint
- VORTAC
- Runway
- Interstate Highway
- US Highway
- State Highway
- Farm-to-Market Road
- Local / County Road
- Railroad
- Railroad: Abandoned

Water Resources

- River or Stream
- Canal or Ditch
- NWI (Emergent, Scrub-Shrub, Forested)

Land Management

- Parcel Group
- City Boundary
- County Boundary
- Conservation Easement
- University Land

Legend

- Water Well
- Wind Turbine
- Agricultural Area
- Military Territory
- Solar Farm
- Bridgestone Texas Proving Grounds
- Cultural Resources
 - Texas Historical Marker
 - Fort Stockton Historic District

Scale

0 0.5 1 2 3 Miles

Notes

Imagery: Project Imagery 2018
Some data layers including pipelines, roads, and oil/gas pipelines obtained from third-party sources may be inaccurate to varying degrees. These data have not been corrected in all locations and should be used as a general guide to feature locations only. Digitization of proposed transmission line segments was performed based on aerial interpretation of these features.
