OVERVIEW OF LCRA TRANSMISSION SERVICES CORPORATION

In connection with the implementation of retail competition in the electric utility industry in the state of Texas, LCRA was required by the Texas Legislature in its amendments to the Public Utility Regulatory Act (enacted in 1999 under state legislation known as Senate Bill 7, and referred to as SB 7) to unbundle its electric generation assets from its electric transmission and distribution assets. LCRA conveyed, effective Jan. 1, 2002, all of its existing electric transmission and transformation assets (collectively, the Transferred Transmission Assets) to the LCRA Transmission Services Corporation (LCRA TSC) pursuant to the terms of an Electric Transmission Facilities Contract (the Initial Contractual Commitment), dated Oct. 1, 2001.

LCRA TSC is a nonprofit corporation created by LCRA to act on LCRA’s behalf pursuant to Chapter 152, Texas Water Code, as amended. After Jan. 1, 2002, LCRA TSC engaged in the electric transmission and transformation activities previously carried out by LCRA and assumed LCRA’s obligation to provide, and the right to collect revenues for, electric transmission and transformation services. LCRA TSC is an electric transmission service provider (a TSP) under the state’s open-access electric transmission regulatory scheme within the approximately 85% area of the state covered by the Electric Reliability Council of Texas (ERCOT). In such capacity, LCRA TSC is entitled to receive compensation from all electric distribution service providers using the electric transmission system within ERCOT. As a TSP in the ERCOT region of the state, the rates that LCRA TSC will charge for transmission services are regulated by the Public Utility Commission of Texas (PUC) and determined pursuant to transmission cost of service rate proceedings filed with and approved by the PUC.

Within the framework of SB 7, LCRA TSC implements the electric transmission business of LCRA, including the expansion of electric transmission services outside of LCRA’s traditional electric service territory. LCRA personnel are responsible for performing all of LCRA TSC’s activities pursuant to a services agreement between LCRA TSC and LCRA. This includes procuring goods and services on behalf of LCRA TSC and is reflected in the LCRA Board agenda contracts.

Under the LCRA Master Resolution, defined as the LCRA Board resolution governing LCRA’s outstanding debt, and certain provisions of state law, the LCRA Board is required to exercise control over all operations of LCRA TSC. This control includes approval of LCRA TSC’s business plan and of the sale or disposition of any significant assets of LCRA TSC. The Board of Directors of LCRA TSC (LCRA TSC Board) is appointed by and serves at the will of the LCRA Board. The current membership of LCRA TSC Board is made up entirely of the existing LCRA Board.

Key term:

**Net margin** – Total operating revenues, including interest income, less direct and assigned expenses.
Key takeaways:

- Lower-than-budgeted expenses and higher-than-budgeted cost of service, interest income and other revenues primarily drove year-to-date performance.
- Higher-than-budgeted cost of service revenues and lower-than-budgeted expenses primarily drove the year-end forecast.
- The debt service coverage ratio is forecast to be higher than budgeted primarily due to a forecast of higher-than-budgeted cost of service revenues and lower-than-budgeted expenses and debt service.
General manager project approvals:

- For any project not previously authorized by the Board in the capital plan, authority is delegated to the president and chief executive officer to approve any capital project with a lifetime budget not to exceed $1.5 million, according to LCRA TSC Board Policy T301 – Finance. Additionally, the LCRA TSC Board delegated authority to the president and CEO to approve new generation interconnection projects and additional funding for capital projects expected to exceed their lifetime budgets by 10% and $300,000.

The president and CEO approved the following five budget resets this quarter:
  - Harper Road-Jack Furman Transmission Line Storm Hardening from $5.8 million to $14.3 million.
  - LCRA TSC Fiber Build-out FY 2019 Telecommunication Upgrade from $51.1 million to $66.7 million.
  - Mountain Home Substation and Transmission Line Addition from $79.1 million to $148.5 million.
  - Sandy Creek Autotransformer Upgrade from $3.6 million to $5.4 million.
  - Sim Gideon-Tahitian Village Transmission Line Storm Hardening from $10.3 million to $20.9 million.

The president and CEO approved the following seven new projects this quarter:
  - Bakersfield Transmission Bus Substation Upgrade for $600,000.
  - Birdhouse Substation Addition for $14.7 million.
  - Columbus Area Easement Enhancement System Upgrade for $1.5 million.
  - Pinto Creek Circuit Breaker Addition for $6.4 million.
  - Single Tree Substation Addition for $23 million.
  - System Operations Control Center Data Center Consolidation Facilities Upgrade for $1.4 million.
  - Twin Buttes 345-kV Circuit Breaker Addition for $7.8 million.

Key takeaways:

- LCRA TSC currently is projecting capital spending for FY 2023 will be $265.4 million more than the capital plan budget of $488.7 million.
- The variance primarily is driven by increased estimates on future projects, increased spending on active projects and generation interconnection projects. Staff anticipates seeking LCRA Board approval to increase the LCRA TSC capital plan later this fiscal year.

<tr>
<td><strong>Equity Ratio</strong></td>
<td>LCRA TSC will build equity that will maintain appropriate access to capital markets and is consistent with regulatory guidance. While LCRA TSC may be highly leveraged during periods of rapid growth, LCRA TSC business plans will specifically address the accumulation of equity to achieve and maintain a minimum long-term equity position of 20%.</td>
<td>✓</td>
</tr>
<tr>
<td><strong>Debt Service Reserves</strong></td>
<td>LCRA TSC will covenant debt service reserves in the amount of six months of maximum annual debt service requirements on outstanding debt. Debt service reserves may be collected through rates or met with proceeds from additional debt or through the use of a surety to mitigate rate impacts.</td>
<td>✓</td>
</tr>
<tr>
<td><strong>Operating Reserves</strong></td>
<td>LCRA TSC will build and maintain appropriate target levels of operating reserves as follows: six months of average debt service on all outstanding LCRA TSC debt and other obligations to LCRA; and two months of average operating and maintenance expenses, including those billed by LCRA. If at any time the reserves are less than the target levels set forth in this policy, the Board will promptly implement a plan, to be recommended by staff, to increase rates, reduce costs or otherwise cause there to be sufficient revenues to replenish the reserves to such target levels within 12 months.</td>

4. Approve the LCRA Transmission Services Corporation Transmission Contract Refunding Revenue Bonds Issuance and Forty-First Supplemental Resolution

Proposed Motion

Staff recommends the Board of Directors approve the adoption of the Forty-First Supplemental Resolution (Forty-First Supplement) to the Controlling Resolution establishing the LCRA Transmission Contract Revenue Financing Program (Controlling Resolution) authorizing the issuance of Transmission Contract Refunding Revenue Bonds (LCRA Transmission Services Corporation Project) in one or more series (a Series of Bonds) in an aggregate amount not to exceed $950 million for the following purposes: (i) current refunding of certain LCRA Transmission Contract Revenue Commercial Paper Notes (LCRA Transmission Services Corporation Project) Tax-Exempt Series and any series of LCRA Transmission Contract Revenue Revolving Notes (LCRA Transmission Services Corporation Project); (ii) currently refund certain long-term Transmission Contract Debt (bonds); (iii) funding debt service reserve funds for a Series of Bonds; and (iv) paying for issuance costs.

This motion also will:

1. Approve related documents, in substantially final form, including, if required, an escrow agreement, a paying agent/registrar agreement, a preliminary and final official statement and a Transmission Contract Revenue Debt Installment Payment Agreement Supplement related to the Series of Bonds (Installment Payment Agreement Supplement). Bond counsel has prepared or reviewed all documents.

2. Delegate authority to the president and chief executive officer, and/or the treasurer and chief financial officer to:
   a. Select all or a portion of LCRA TSC’s outstanding debt to be refunded by the particular Series of Bonds and provide for appropriate notices of redemption/prepayment/defeasance;
   b. Approve any final changes to said documents necessary to facilitate proper issuance of such Series of Bonds;
   c. Establish the terms of each Series of Bonds as provided in the Forty-First Supplement (including issuing such bonds in one or more separate Series of Bonds, issuing the Series of Bonds as tax-exempt or taxable, principal amounts and maturity schedules, interest rates, redemption provisions and terms of any reserve funds); and
   d. Approve the terms of the sale of each Series of Bonds to an underwriting team and execute a bond purchase agreement for such Series of Bonds.
Board Consideration

In 2003, the LCRA Board, at the request of LCRA TSC, adopted an amended and restated Controlling Resolution establishing a contract revenue financing program whereby LCRA issues debt on behalf of LCRA TSC that is secured by a lien on and a pledge of revenues paid by LCRA TSC to LCRA. The amended and restated Controlling Resolution requires the Board to deliver a resolution to LCRA approving the Bonds.

Budget Status and Fiscal Impact

The fiscal year 2023 LCRA TSC business plan anticipates the refunding of LCRA TSC Series 2013A bonds and a portion of the short-term debt. Based on current market conditions and historically low interest rates, the refunding will be advantageous, increase flexibility on the timing of future financings and provide low-cost and long-term funds. The FY 2023 LCRA TSC business plan anticipates the issuance of about $400 million of short-term obligations to fund LCRA TSC’s ongoing capital plan in FY 2023.

Summary

With this action, the Board will approve one or more Series of Bonds issued for the purpose of current refunding of certain LCRA TSC commercial paper, revolving notes and bonds in an amount not to exceed $950 million, establishing one or more debt service reserve funds for a particular Series of Bonds, and paying for the issuance costs related to such bonds. The Board also will approve the execution of documents necessary for the sale of each Series of Bonds further described below.

Background

The Forty-First Supplement is a supplemental resolution to the Controlling Resolution adopted by the Board in 2001 and readopted in 2003. The Forty-First Supplement authorizes the Bonds to be issued in one or more Series of Bonds, approves the forms of the ancillary agreements relating to such bonds, and delegates to the president and chief executive officer and/or the treasurer and chief financial officer authority to set the specific terms of each such Series of Bonds (including obligations to be refunded, maturity, amortization, interest rates, redemption provisions, etc.) according to parameters set forth in the Forty-First Supplement. State law authorized the Forty-First Supplement to delegate authority to sell and deliver multiple Series of Bonds within the parameters set forth in such supplement at different times during a 12-month period. The Forty-First Supplement also requires an officer of LCRA TSC to agree to the specific terms of each Series of Bonds. The Controlling Resolution, the Forty-First Supplement, and the relevant pricing certificate of the LCRA officer and the LCRA TSC officer establishing the terms of the particular Series of Bonds together constitute the authorization of such Series of Bonds.

The Installment Payment Agreement Supplement is a supplemental agreement to the Transmission Installment Payment Agreement between LCRA and LCRA TSC executed in 2003 and provides for the arms-length obligation of LCRA TSC to pay LCRA the debt service associated with the Series of Bonds and LCRA TSC’s ownership of the projects financed or refinanced with the proceeds of the Series of Bonds.

A bond purchase agreement is the contract among LCRA, LCRA TSC and the underwriters of the Series of Bonds that establishes the terms of the sale and delivery of such Series of Bonds from LCRA and LCRA TSC to such underwriters. This agreement
provides for the conditions for closing on the Series of Bonds, including required legal opinions, and provides for certain limited events that may terminate LCRA’s obligation to deliver and/or the underwriters’ obligation to accept the Series of Bonds at closing.

The paying agent/registrar agreement is the contract among LCRA, LCRA TSC and The Bank of New York Mellon Trust Company NA setting forth the rights, duties and obligations of the parties under which such bank will act as the paying agent and registrar for the particular Series of Bonds. The bank will provide paying agent and transfer agent services, maintain registration books, and facilitate providing certain notices for the Series of Bonds, among other services.

A preliminary and final official statement is the document that provides disclosure to prospective investors regarding the terms of a Series of Bonds, security, risk factors, and financing and operating information of LCRA TSC.

**Use of Proceeds**

Proceeds from each Series of Bonds will be used to refund certain LCRA TSC commercial paper notes, revolving notes and bonds, establish a debt service reserve fund for the particular Series of Bonds, and pay for issuance costs.

LCRA and LCRA TSC have authorized the issuance of commercial paper and revolving notes under programs backed by three separate credit facilities. Periodically, staff recommends refunding short-term, variable-rate debt with long-term, fixed-rate debt when market conditions are favorable and the short-term debt credit facilities approach their maximum capacity. In addition, staff periodically recommends refunding existing long-term debt (such as the LCRA TSC Series 2013A bonds) with new long-term debt to capture interest rate savings and/or adjust the debt structure to benefit LCRA TSC customers.

Staff currently expects the Bonds to be sold and delivered in two Series of Bonds, the first in the spring of 2023 and the second in the summer of 2023, subject to the approving opinions of the Office of the Attorney General and bond counsel.

5. Acquisition of Interests in Real Property – Use of Eminent Domain in Gillespie County

Proposed Motion
I move that the LCRA Transmission Services Corporation Board of Directors adopt the attached resolution; that the Board authorize by record vote the use of the power of eminent domain to acquire rights in the properties described in Exhibit 1 to the resolution for the acquisition of easement amendments for the Peach to Headwaters Transmission Line Addition project to provide for the reliable transmission of electric energy and communications and to facilitate broadband services on the Peach to Headwaters (T288) transmission line; and that the first record vote applies to all units of property to be condemned.

Board Consideration
LCRA Transmission Services Corporation Board Policy T401 – Land Resources and Section 2206.053 of the Texas Government Code require Board authorization prior to the initiation of eminent domain proceedings.

Section 2206.053 of the Texas Government Code provides that if two or more Board members object to adopting a single resolution for all units of property, a separate record vote must be taken for each unit of property. If two or more units of real property are owned by the same person, those units may be treated as one unit of property.

LCRA utilizes LCRA Transmission Services Corporation to provide LCRA with fiber optic communications and broadband services pursuant to LCRA Board Policy 220 – Telecommunications and Section 8503.032 of the Special District Local Laws Code.

Budget Status and Fiscal Impact
The acquisition costs were included in the Board-approved budget for the Mountain Home Substation and Transmission Line Addition project.

Summary
LCRA TSC proposes to acquire transmission line easement amendments in Gillespie County for the Mountain Home Substation and Transmission Line Addition project. Allen Williford and Seale LLC performed independent appraisals of the interests in real properties to be acquired to determine just compensation to the landowners.

Staff made initial offers to acquire the necessary interests in real property voluntarily from the landowners listed on Exhibit C, as required by Section 21.0113 of the Texas Property Code. Staff will continue to negotiate for the purchase of the interests in real property. Staff seeks Board authorization to proceed with condemnation if agreements cannot be reached with the landowners.

Staff has provided to the Board descriptions of the specific properties to be acquired and will attach the descriptions to the resolution.

Staff will perform environmental and cultural due diligence studies. Staff requests the Board adopt the resolution in Exhibit D authorizing the initiation of condemnation proceedings on the first record vote for all units of property.

PROPOSED MOTION

I MOVE THAT THE LCRA TRANSMISSION SERVICES CORPORATION BOARD OF DIRECTORS ADOPT THE ATTACHED RESOLUTION; THAT THE BOARD AUTHORIZE BY RECORD VOTE THE USE OF THE POWER OF EMINENT DOMAIN TO ACQUIRE RIGHTS IN THE PROPERTIES DESCRIBED IN EXHIBIT 1 TO THE RESOLUTION FOR THE ACQUISITION OF EASEMENT AMENDMENTS FOR THE PEACH TO HEADWATERS TRANSMISSION LINE ADDITION PROJECT TO PROVIDE FOR THE RELIABLE TRANSMISSION OF ELECTRIC ENERGY AND COMMUNICATIONS AND TO FACILITATE BROADBAND SERVICES ON THE PEACH TO HEADWATERS (T288) TRANSMISSION LINE; AND THAT THE FIRST RECORD VOTE APPLIES TO ALL UNITS OF PROPERTY TO BE CONDEMNED.

RESOLUTION
AUTHORIZING ACQUISITION OF INTERESTS IN REAL PROPERTY
BY CONDEMNATION IN GILLESPIE COUNTY FOR TRANSMISSION LINE EASEMENT AMENDMENTS.

WHEREAS, LCRA Transmission Services Corporation has determined the need to acquire the interests in real property necessary for the public purposes of construction, operation and maintenance of electric transmission lines, communication lines, and appurtenances thereto in Gillespie County; and

WHEREAS, an independent, professional appraisal of the subject properties will be submitted to LCRA Transmission Services Corporation, and an amount will be established to be just compensation for the interests in real property to be acquired;

NOW, THEREFORE, BE IT RESOLVED that the president and chief executive officer or his designee is authorized to purchase the interests in real property from the landowner(s) listed in the attached Exhibit C for the Peach to Headwaters Transmission Line Addition project, with the description of the location of and interest in the properties that LCRA Transmission Services Corporation seeks to acquire being more particularly described in maps provided to the Board and attached to this Resolution as Exhibit 1; that the public convenience and necessity require the acquisition of the above-stated interests in real property; that the public necessity requires the condemnation of the interests in real property in order to acquire them for such purposes; that LCRA Transmission Services Corporation does not intend to acquire rights to groundwater or surface water in the land; that LCRA Transmission Services Corporation will make a bona fide offer to acquire the interests in real property from the landowner(s) voluntarily as required by Section 21.0113 of the Texas Property Code; that at such time as LCRA Transmission Services Corporation has determined that the landowner(s) and
LCRA Transmission Services Corporation will be unable to reach an agreement on the fair market value of the subject interests in real property and that it should appear that further negotiations for settlement with the landowner(s) would be futile, then the president and chief executive officer or his designee is authorized and directed to initiate condemnation proceedings against the owner(s) of the property, and against all other owners, lien holders, and other holders of an interest in the property, in order to acquire the necessary interests in real property; and that this resolution take effect immediately from and after its passage;

BE IT FURTHER RESOLVED that the president and chief executive officer or his designee is hereby authorized to do all things necessary and proper to carry out the intent and purpose of this resolution, including determination and negotiation of the interest in real property that are proper and convenient for the operation of the electric transmission line.

LCRA Transmission Services Corporation Board Agenda – January 2023
6. Acquisition of Interests in Real Property – Use of Eminent Domain in Travis, Williamson and Kerr Counties

Proposed Motion
I move that the LCRA Transmission Services Corporation Board of Directors adopt the attached resolution; that the Board authorize by record vote the use of the power of eminent domain to acquire rights in the properties described in Exhibit 1 to the resolution for the acquisition of easement rights for the LCRA Broadband Program project to provide, on behalf of LCRA and at LCRA’s expense, for communications and to facilitate broadband services on the Wells Branch to Round Rock (T527), Leander to Ridgmar (T616), Ridgmar to Spanish Oak (T641) and Cypress Creek to Raymond F Barker (T662) transmission lines; and that the first record vote applies to all units of property to be condemned.

Board Consideration
LCRA Transmission Services Corporation Board Policy T401 – Land Resources and Section 2206.053 of the Texas Government Code require Board authorization prior to the initiation of eminent domain proceedings.

Section 2206.053 of the Texas Government Code provides that if two or more Board members object to adopting a single resolution for all units, a separate record vote must be taken for each unit of property. If two or more units of real property are owned by the same person, those units may be treated as one unit of property.

LCRA utilizes LCRA Transmission Services Corporation to provide LCRA with fiber optic communications and broadband services at LCRA’s expense pursuant to LCRA Board Policy 220 – Telecommunications and Section 8503.032 of the Special District Local Laws Code.

Budget Status and Fiscal Impact
The acquisition cost was included in the Board-approved budget for the LCRA Broadband Program project.

Summary
LCRA TSC proposes to acquire communication rights, including the facilitation of broadband services, in Travis, Williamson and Kerr counties for the LCRA Broadband Program project. Paul Hornsby and Company will perform independent appraisals of the interests in real property to be acquired to determine just compensation to the landowners.

Staff will make an initial offer to acquire the necessary interests in real property voluntarily from the landowners listed on Exhibit C, as required by Section 21.0113 of the Texas Property Code. Staff will continue to negotiate for the purchase of the interests in real property. Staff seeks Board authorization to proceed with condemnation if an agreement cannot be reached with the landowner(s).
Staff has provided to the Board descriptions of the specific properties to be acquired and will attach the descriptions to the resolution.
Staff requests that the Board adopt the resolution in Exhibit D authorizing the initiation of condemnation proceedings on the first record vote for all units of property.

PROPOSED MOTION

I MOVE THAT THE LCRA TRANSMISSION SERVICES CORPORATION BOARD OF DIRECTORS ADOPT THE ATTACHED RESOLUTION; THAT THE BOARD AUTHORIZE BY RECORD VOTE THE USE OF THE POWER OF EMINENT DOMAIN TO ACQUIRE RIGHTS IN THE PROPERTIES DESCRIBED IN EXHIBIT 1 TO THE RESOLUTION FOR THE ACQUISITION OF EASEMENT AMENDMENTS NECESSARY TO PROVIDE, ON BEHALF OF LCRA AND AT LCRA’S EXPENSE, FOR COMMUNICATIONS AND TO FACILITATE BROADBAND SERVICES ON THE WELLS BRANCH TO ROUND ROCK (T527), LEANDER TO RIDGMAR (T616), RIDGMAR TO SPANISH OAK (T641) AND CYPRESS CREEK TO RAYMOND F BARKER (T662) TRANSMISSION LINES; AND THAT THE FIRST RECORD VOTE APPLIES TO ALL UNITS OF PROPERTY TO BE CONDEMNED.

RESOLUTION

AUTHORIZING ACQUISITION OF INTERESTS IN REAL PROPERTY BY CONDEMNATION IN TRAVIS, WILLIAMSON AND KERR COUNTIES FOR TRANSMISSION LINE EASEMENT AMENDMENTS.

WHEREAS, LCRA Transmission Services Corporation has determined the need to acquire the interests in real property necessary for the public uses of construction, operation and maintenance of electric transmission line(s), communication lines, and appurtenances thereto in Travis, Williamson and Kerr counties; and

WHEREAS, an independent, professional appraisal of the subject properties will be submitted to LCRA Transmission Services Corporation, and an amount will be established to be just compensation for the interests in real property to be acquired;

NOW, THEREFORE, BE IT RESOLVED that the president and chief executive officer or his designee is authorized to purchase the interests in real property from the landowner(s) listed in the attached Exhibit C, with the description of the location of and interest in the properties LCRA Transmission Services Corporation seeks to acquire being more particularly described in maps provided to the Board and attached to this Resolution as Exhibit 1; that the public convenience and necessity require the acquisition of said interests in real property; that the public necessity requires the condemnation of the interests in real property in order to acquire them for such uses; that LCRA Transmission Services Corporation does not intend to acquire rights to groundwater or surface water in the land; that LCRA Transmission Services Corporation will make a bona fide offer to acquire the interests in real property from the landowner(s) voluntarily as required by Section 21.0113 of the Texas Property Code; that at such
time as LCRA Transmission Services Corporation has determined that the landowner(s) and LCRA Transmission Services Corporation will be unable to reach an agreement on the fair market value of the subject interests in real property and that it should appear that further negotiations for settlement with the landowner(s) would be futile, then the president and chief executive officer or his designee is authorized and directed to initiate condemnation proceedings against the owner(s) of the properties, and against all other owners, lien holders, and other holders of an interest in the property, in order to acquire the necessary interests in real property; and that this resolution take effect immediately from and after its passage;

BE IT FURTHER RESOLVED that the president and chief executive officer or his designee is hereby authorized to do all things necessary and proper to carry out the intent and purpose of this resolution, including determination and negotiation of the interest(s) in real property that are proper and convenient for the operation of the electric transmission line(s).
