OVERVIEW OF LCRA TRANSMISSION SERVICES CORPORATION

In connection with the implementation of retail competition in the electric utility industry in the state of Texas, LCRA was required by the Texas Legislature in its amendments to the Public Utility Regulatory Act (enacted in 1999 under state legislation known as Senate Bill 7, and referred to as SB 7) to unbundel its electric generation assets from its electric transmission and distribution assets. LCRA conveyed, effective Jan. 1, 2002, all of its existing electric transmission and transformation assets (collectively, the Transferred Transmission Assets) to the LCRA Transmission Services Corporation (LCRA TSC) pursuant to the terms of an Electric Transmission Facilities Contract (the Initial Contractual Commitment), dated Oct. 1, 2001.

LCRA TSC is a nonprofit corporation created by LCRA to act on LCRA’s behalf pursuant to Chapter 152, Texas Water Code, as amended. After Jan. 1, 2002, LCRA TSC engaged in the electric transmission and transformation activities previously carried out by LCRA and assumed LCRA’s obligation to provide, and the right to collect revenues for, electric transmission and transformation services. LCRA TSC is an electric transmission service provider (a TSP) under the state’s open-access electric transmission regulatory scheme within the approximately 85% area of the state covered by the Electric Reliability Council of Texas (ERCOT). In such capacity, LCRA TSC is entitled to receive compensation from all electric distribution service providers using the electric transmission system within ERCOT. As a TSP in the ERCOT region of the state, the rates that LCRA TSC will charge for transmission services are regulated by the Public Utility Commission of Texas (PUC) and determined pursuant to transmission cost of service rate proceedings filed with and approved by the PUC.

Within the framework of SB 7, LCRA TSC implements the electric transmission business of LCRA, including the expansion of electric transmission services outside of LCRA’s traditional electric service territory. LCRA personnel are responsible for performing all of LCRA TSC’s activities pursuant to a services agreement between LCRA TSC and LCRA. This includes procuring goods and services on behalf of LCRA TSC and is reflected in the LCRA Board agenda contracts.

Under the LCRA Master Resolution, defined as the LCRA Board resolution governing LCRA’s outstanding debt, and certain provisions of state law, the LCRA Board is required to exercise control over all operations of LCRA TSC. This control includes approval of LCRA TSC’s business plan and of the sale or disposition of any significant assets of LCRA TSC. The Board of Directors of LCRA TSC (LCRA TSC Board) is appointed by and serves at the will of the LCRA Board. The current membership of LCRA TSC Board is made up entirely of the existing LCRA Board.

4. Acquisition of Interests in Real Property – Use of Eminent Domain in Bastrop and Williamson Counties

Proposed Motion
I move that the LCRA Transmission Services Corporation Board of Directors adopt the attached resolution; that the Board authorize by record vote the use of the power of eminent domain to acquire rights in the properties described in Exhibit 1 to the resolution for the acquisition of easement rights for the LCRA Broadband Program project to provide, on behalf of LCRA and at LCRA’s expense, for communications and to facilitate broadband services on the Sim Gideon to Austrop (T171) and Spanish Oak to Round Rock (T642) transmission lines; and that the first record vote applies to all units of property to be condemned.

Board Consideration
LCRA TSC Board Policy T401 – Land Resources and Section 2206.053 of the Texas Government Code require Board authorization prior to the initiation of eminent domain proceedings.

Section 2206.053 of the Texas Government Code provides that if two or more Board members object to adopting a single resolution for all units, a separate record vote must be taken for each unit of property. If two or more units of real property are owned by the same person, those units may be treated as one unit of property.

LCRA utilizes LCRA TSC to provide LCRA with fiber-optic communications and broadband services at LCRA’s expense pursuant to LCRA Board Policy 220 – Telecommunications and Section 8503.032 of the Special District Local Laws Code.

Budget Status and Fiscal Impact
The acquisition cost was included in the Board-approved budget for the LCRA Broadband Program project.

Summary
LCRA TSC proposes to acquire communication rights, including the facilitation of broadband services, in Bastrop and Williamson counties for the LCRA Broadband Program project. Paul Hornsby and Company will perform independent appraisals of the interests in real property to be acquired to determine just compensation to the landowners.

Staff will make an initial offer to acquire the necessary interests in real property voluntarily from the landowners listed on Exhibit C, as required by Section 21.0113 of the Texas Property Code. Staff will continue to negotiate for the purchase of the interests in real property. Staff seeks Board authorization to proceed with condemnation if an agreement cannot be reached with the landowner(s).

Staff has provided to the Board descriptions of the specific properties to be acquired and will attach the descriptions to the resolution.
Staff requests that the Board adopt the resolution in Exhibit D authorizing the initiation of condemnation proceedings on the first record vote for all units of property.

PROPOSED MOTION

I MOVE THAT THE LCRA TRANSMISSION SERVICES CORPORATION BOARD OF DIRECTORS ADOPT THE ATTACHED RESOLUTION; THAT THE BOARD AUTHORIZE BY RECORD VOTE THE USE OF THE POWER OF EMINENT DOMAIN RIGHTS IN THE PROPERTIES DESCRIBED IN EXHIBIT 1 TO THE RESOLUTION FOR THE ACQUISITION OF EASEMENT AMENDMENTS NECESSARY TO PROVIDE, ON BEHALF OF LCRA AND AT LCRA’S EXPENSE, FOR COMMUNICATIONS AND TO FACILITATE BROADBAND SERVICES ON THE SIM GIDEON TO AUSTROP (T171) AND SPANISH OAK TO ROUND ROCK (T642) TRANSMISSION LINES; AND THAT THE FIRST RECORD VOTE APPLIES TO ALL UNITS OF PROPERTY TO BE CONDEMNED.

RESOLUTION

AUTHORIZING ACQUISITION OF INTERESTS IN REAL PROPERTY BY CONDEMNATION IN BASTROP AND WILLIAMSON COUNTIES FOR TRANSMISSION LINE EASEMENT AMENDMENTS.

WHEREAS, LCRA Transmission Services Corporation has determined the need to acquire the interests in real property necessary for the public uses of construction, operation and maintenance of electric transmission line(s), communication lines, and appurtenances thereto in Bastrop and Williamson counties; and

WHEREAS, an independent, professional appraisal of the subject property will be submitted to LCRA Transmission Services Corporation, and an amount will be established to be just compensation for the interests in real property to be acquired;

NOW, THEREFORE, BE IT RESOLVED that the president and chief executive officer or his designee is authorized to purchase the interests in real property from the landowner(s) listed in the attached Exhibit C, with the description of the location of and interest in the properties LCRA Transmission Services Corporation seeks to acquire being more particularly described in maps provided to the Board and attached to this Resolution as Exhibit 1; that the public convenience and necessity require the acquisition of said interests in real property; that the public necessity requires the condemnation of the interests in real property in order to acquire them for such uses; that LCRA Transmission Services Corporation does not intend to acquire rights to groundwater or surface water in the land; that LCRA Transmission Services Corporation will make a bona fide offer to acquire the interests in real property from the landowner(s) voluntarily as required by Section 21.0113 of the Texas Property Code; and that at such time as LCRA Transmission Services Corporation has determined that the landowner(s)
and LCRA Transmission Services Corporation will be unable to reach an agreement on the fair market value of the subject interests in real property and that it should appear that further negotiations for settlement with the landowner(s) would be futile, then the president and chief executive officer or his designee is authorized and directed to initiate condemnation proceedings against the owner(s) of the properties, and against all other owners, lien holders, and other holders of an interest in the property, in order to acquire the necessary interests in real property; and that this resolution take effect immediately from and after its passage;

BE IT FURTHER RESOLVED that the president and chief executive officer or his designee is hereby authorized to do all things necessary and proper to carry out the intent and purpose of this resolution, including determination and negotiation of the interest(s) in real property that are proper and convenient for the operation of the electric transmission line(s).
