

Open House Questionnaire
LCRA TSC North McCamey to WETT Bearkat
345-kV Transmission Line Project
Online Questionnaire

This questionnaire will help LCRA TSC and WETT understand public interests and concerns about the proposed project. The information provided by you and other interested citizens is one element carefully considered in the transmission line route selection process. Once you have viewed the online exhibits and information, please print and complete this questionnaire and send it to our routing consultant, POWER Engineers Inc., via mail, fax or email by January 31, 2023.

Lisa Barko Meaux
Project Manager
Environmental Department Manager
16825 Northchase Drive, Suite 1200
Houston, Texas 77060

1. Did you attend the open house for this project? If no, please skip to question 3.

Yes No

If yes, which open house did you attend?

Jan. 17 Jan. 18 Jan. 19

2. With regard to the open house you attended, rate each of the following:

	Strongly agree	Agree	Neutral	Disagree	Strongly disagree	N/A
I was given an opportunity to ask questions and receive answers.	<input type="radio"/>					
Staff was knowledgeable about the meeting topic.	<input type="radio"/>					
Staff listened to my issues and concerns.	<input type="radio"/>					

3. How did you obtain this questionnaire?

- Received at an open house
- Downloaded from LCRA or WETT website
- Requested by email
- Other _____

4. Which of the following apply to your situation? (Check all that apply)

- A potential line route segment is on my land. List applicable route segment(s): _____
- A potential line route segment is near my home or business. List applicable route segment(s): _____
- An existing transmission line is on my land or near my home. List applicable route segment(s): _____
- Other. Please specify (e.g. I lease land and/or I am responsible for land improvements or upkeep near a potential line route segment).

5. Do you understand why this project is needed? Yes No

6. The transmission utilities and their routing consultant take many environmental and land use features into consideration when identifying possible routes for electric transmission facilities. These features are on the Land Use and Environmental Constraints Map (available on project web site). Are those features accurately located?
Yes No Don't Know

If no, please list the corrections below and mark them on a map. Please send the map to POWER.

Are you aware of any other features that are not shown on the Land Use and Environmental Constraints Map? Yes No

If yes, please list them below and mark them on a map. Please send the map to POWER.

7. Which route segment(s) do you prefer and why? *Responding to this question does not constitute a "vote" for or against any proposed route segment(s).*

8. Which route segment(s) do you not favor and why? *Responding to this question does not constitute a "vote" for or against any proposed route segments(s).*

9. Identifying a route and constructing transmission lines involves many considerations. Please rank these factors in the order of importance to you. Indicate the most important factor with a 1, second most important with a 2, third most important with a 3, and so on.

- ___ Maintain reliable electric service
- ___ Use or parallel existing electric transmission line right of way where possible
- ___ Parallel other existing compatible right of way (e.g. roads, highways) where possible
- ___ Parallel property lines where possible
- ___ Maximize distance from residences and businesses
- ___ Maximize distance from historic sites or areas
- ___ Maximize distance from parks and recreational areas
- ___ Minimize visibility of the lines
- ___ Minimize environmental impacts
- ___ Other _____

If you wish to comment on the factors listed above or add any factors that you think should be considered, please use the space below.

10. If the transmission line route is on your property, is there a specific location that you would prefer for the right of way of the line?

Yes No

If yes, please describe the location below and use a map to show the location. Please send the map to POWER.

11. Is there any other information you would like the project team to know or take into consideration when evaluating the alternative locations for the new line?

12. Please provide your name and address below. This is optional.

Name: _____	Date: _____
Address: _____	City, State, Zip: _____
Telephone: _____	Email: _____

If you would like an LCRA TSC or WETT representative to contact you to discuss this project further, please call 512-730-5285 or send an email to NMBKT@LCRA.org

Thank you for your comments.
