Note:
Derivative cultural resource data are not shown on this map as these data are not to be reproduced, distributed, or released to the public.
Some data layers including property boundaries, pipelines, railroads, and oil/gas well sites obtained from third-party sources are inaccurate to varying degrees. These data have not been corrected and should be used as a general guide to feature locations only.
Digitization of initial preliminary transmission line segments was performed based on aerial interpretation of these features.
Some legend symbols are enlarged for easier identification.
