

Mountain Home Transmission Project

Online Questionnaire

This questionnaire will help LCRA Transmission Services Corporation (LCRA TSC)* understand public interests and concerns about the proposed Mountain Home 138-kilovolt (kV) Transmission Line Project. The information provided by you and other interested citizens is one element carefully considered in the transmission line route selection process. Once you have viewed the online exhibits and information, please print and complete this questionnaire and send it to Lance Wenmohs by mail, fax or email by Nov. 23, 2018.

1. Did you attend the open house for this project on Nov. 7, 2018? If no, please skip to question 3.

Yes No

2. In relation to the Nov. 7th open house, rate each of the following:

	Strongly agree	Agree	Neutral	Disagree	Strongly disagree	N/A
I was given an opportunity to ask questions and receive answers.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
LCRA staff were knowledgeable about the meeting topic.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
LCRA staff listened to my issues and concerns.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
This meeting was a good use of my time.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please explain your responses:

* LCRA TSC is subject to Chapter 552 of the Texas Government Code, commonly known as the Public Information Act. Responses to this questionnaire are subject to release as public information unless parts are determined to be exempt from disclosure under the Act. Marking portions of your response as “confidential” will not guarantee that information will not be released under the Act, but it will help us in evaluating whether an exception might apply.

3. How did you obtain this questionnaire?

- Received at the open house
- Downloaded from LCRA website
- Requested by email
- Other _____

4. Which of the following apply to your situation? (Check all that apply)

- I am located in the project area.
- A potential line route segment is on my land or near my home or business. List applicable route segment(s): _____
- An existing transmission line is on my land or near my home. List applicable route segment(s): _____
- A potential Mountain Home Substation site is on my land or near my home/business. List applicable substation site(s): _____
- Other. Please specify (e.g. I lease land and/or I am responsible for land improvements or upkeep near a potential line route segment or substation site).

5. Do you understand why this project is needed? Yes No

6. Were the exhibits and information helpful?

- Yes No

How could we have improved this open house?

7. LCRA TSC and its consultant for this project, POWER Engineers, take many environmental and land use features into consideration when identifying possible routes for electric transmission facilities, including, but not limited to the following.

- Nearby residences, businesses, cemeteries, schools, churches, hospitals, nursing homes and other structures
- Nearby commercial radio transmitters, microwave relay stations or similar electronic installations
- Nearby parks and/or recreational areas
- Nearby historical or archaeological sites
- Nearby airport runways, airstrips or heliports
- Agricultural areas irrigated by traveling irrigation systems
- Environmentally sensitive areas
- Threatened or endangered species
- Floodplains

POWER has shown these features on the Land Use and Environmental Constraints Map (available on project web site). Are those features accurately located?

Yes No Don't Know

If no, please list the corrections below and mark them on a map. Please send the map to LCRA.

Are you aware of any other features that are not shown on the Land Use and Environmental Constraints Map?

Yes No

If yes, please list them below and mark them on a map. Please send the map to LCRA.

8. Which route segment(s) do you prefer and why? Responding to this question does not constitute a "vote" for or against any proposed route segment(s).

9. Which route segment(s) do you **not** favor and why? Responding to this question does not constitute a "vote" for or against any proposed route segments(s).

10. Identifying a route and constructing transmission lines involves many considerations. Please rank these factors in the order of importance to you. Indicate the most important factor with a 1, second most important with a 2, third most important with a 3, and so on.

- Maintain reliable electric service
- Use or parallel existing electric transmission line right of way where possible
- Parallel other existing compatible right of way (e.g. roads, highways) where possible
- Parallel property lines where possible
- Maximize distance from residences
- Maximize distance from schools, churches, nursing homes, etc.
- Maximize distance from commercial buildings
- Maximize distance from historic sites or areas
- Maximize distance from parks and recreational areas
- Minimize visibility of the lines
- Minimize environmental impacts
- Other _____

11. If the transmission line route is on your property, is there a specific location that you would prefer for the right of way of the line?

Yes No

If yes, please describe the location below and use a map to show the location. Please send the map to LCRA.

12. Is there any other information you would like the project team to know or take into consideration when evaluating the alternative locations for the new line?

13. Please provide your name and address below. This is optional.

Name: _____ Date: _____

Address: _____

City, State, Zip: _____

Telephone: _____

Email: _____

If you would like an LCRA TSC representative to contact you to discuss this project further, please call 800-776-5272, Ext. 2690. Please reference your Tract ID.

Thank you for your comments.
