Teen Adventure Camp
(Ages 13-15)

Teen campers embark on a journey of self-discovery and adventure while learning the skills of a naturalist and outdoor leader. In addition to the activities below, campers will swim, experience the thrill of high elements on the challenge course, take a river trip and work with the group to plan and execute an outdoor adventure.

ADVANCED WATERCRAFT SKILLS (Week 1: June 15-19)
Experience the Colorado River through rafting, kayaking, canoeing and swimming. Build teamwork implementing water rescue scenarios on Lake Bastrop then explore the waters on stand-up paddle boards. Experience the Colorado River and its riparian zone by ground on UTVs and by air on a canyon zip line tour.

ADVANCED BUSHCRAFT AND TRACKING (Week 2: June 22-26)
Practice bushcraft skills for survival in an emergency situation and competitive team scenarios. Receive instruction and practice fire-making, food foraging, primitive weapons, water purification and shelter building. Skills will be tested in a capture-the-flag style scavenger hunt, while zombies attempt to steal your resources. Work as a team to gather all the necessary means of survival and use your newly acquired skills to outlast the other teams.
