

WaterSmart Rebates – Commercial, Industrial and Institutional Application

LCRA provides rebates for 50 percent of the cost, up to \$1,500 per system, for irrigation system equipment upgrades to conserve water and increase efficiency.

Rebates also are available for water-efficient toilets, urinals and spray rinse valves, aeration, and compost and mulch.

Please allow 2-4 weeks for processing.

Rebate applicant information

WaterSmart Rebates Rules

- Applicant must have a water account with LCRA or one of LCRA’s firm water customers.
- Applicant must provide a copy of itemized receipts supporting this application.
- Rebates are available on a first-come, first-serve basis. LCRA does not guarantee sufficient program funding or that all applicants will receive a rebate.
- Applicant must submit this application within 90 calendar days of completing the work.
- Rebates cover equipment costs, not labor or tax, unless otherwise specified.
- Work on the irrigation system has to be done by the system’s owner or an irrigator licensed with the State of Texas.
- LCRA and its firm water customers are in no way responsible for the installation or operation of the irrigation equipment.
- All rebates are for non-potable uses and should not connect to local or potable water systems.
- LCRA and its firm water customers have the right, but not the obligation, to inspect the equipment installed to verify installations meet manufacturer requirements.
- LCRA and its firm customers have not made and do not make any representations, warranties or promises, either expressed or implied, with the respect to any irrigation equipment, including but not limited to any warranties of merchantability or fitness for a particular purpose, or quality, reliability, durability, water savings or compatibility with your existing irrigation system.
- LCRA can terminate the WaterSmart Rebates program at any time.

I agree to the WaterSmart Rebates rules.
